

Hello,

I am hoping to find my husbands ancestors- I have very little information and I am struggling with the Danish National Archives site. I have emailed them and they wrote back suggesting I look further on the site - which I am very much struggling with, due to his name being English or Anglicised..... and as the Danish Archives research costs are extremely expensive when converted to NZ Dollars - I am at an impasse.

I wonder if there is anyone who would be willing to volunteer to help me please? I am looking for Peter Sampson born circa 1849 in Aalborg, Denmark. (this is all I have to go on I'm afraid). His marriage registration here in New Zealand lists him as a Mariner.

As for his father Charles or mother Eliza - I have no idea where they originated from.

If you perhaps know of anyone who could help or direct me to another organisation who could, I would be very pleased?

Thanks you so much for taking the time to read my email and reply (whether you are able or unable to help).

P.S. We are travelling to this part of the world next year so it would be fantastic to find some information before we arrive.

Kind Regards

Jo Morris
